

TDECU provides multiple overdraft protection options on your checking account to protect you from having items returned due to insufficient funds. Overdraft protection occurs when you do not have enough money in your account to cover a transaction, but we pay it anyway. We can cover your overdrafts in three ways:

1. Automatic transfers from available funds in your savings account to your checking account.
2. Automatic transfers from available funds in your Cash Stash line of credit to your checking account
3. We also offer Courtesy Pay overdraft protection, which allows TDECU to overdraw your checking account in order to pay a transaction up to a predetermined limit. Currently, this can be used to cover checks, debit card purchases, ATM withdrawals, and ACH transactions.

**Federal regulations require new checking account holders to opt in to Courtesy Pay in order to have the overdraft of ATM and one-time debit transactions covered.\***

**What are the standard overdraft practices that come with my account?**

- We will authorize and pay overdrafts for the following types of transactions:
  - Checks and other transactions made using your checking account number
  - Automatic bill payments
- We will not authorize and pay overdrafts for the following types of transactions unless you ask us to:
  - ATM transactions
  - One-time (everyday) debit card transactions
- We pay overdrafts at our discretion, which means we do not guarantee we will always authorize and pay any type of transaction. If we do not authorize and pay an overdraft, your transaction will be declined.

**What fees will I be charged if TDECU pays my overdraft?**

Under Courtesy Pay, we will charge a \$32 fee each time we pay an overdraft. There is no limit on the total fees we can charge you for overdrawing your account. There is no fee for savings overdraft transfers.

**What if I want TDECU to authorize and pay overdrafts on ATM and one-time debit card transactions?**
